

# Jobs Express

A full-featured solution for matching people with jobs, quickly and efficiently.

## For employers:

- Book and pay for jobs on the site – in real time!
- Edit/renew/delete jobs you've already advertised
- Automatic upselling (eg logos) increases revenue
- Secure payment transactions

## For employees:

- Find jobs fast, with intelligent techniques to improve results
- Apply online including CV upload
- Save jobs in your Personal Folder
- Online help

## You can adapt the site:

- Add/edit/delete categories and change prices
- Customise the site's look-and-feel (XML/XSLT Presentation Layer)
- Add content to any page from external content management systems
- Serve banners on any page from external banner management systems

## Optional Extras:

- Shopping Basket
- Jobs by Email/SMS (automated alert services)
- Systems integration, data migration and customisation are available from Rosetta Professional Services

## System Management:

Manage your Jobs Express site in a secure browser-based environment. Please see the System Management page.
